## LASER TORPEDO

# 880 G3

90° 45° 30° 0° MODEL: 0327

8.5" length

The patented 880 G3 Laser Level combines the best of everything in one package for the professional who demands accuracy and convenience on the job.

Features include an upgraded Class IIIa laser that is three-axis aligned. The 4-vial system includes 90°, 45°, 30° and an oversized zero degree vial with viewports on every side. Combined with the V-Groove system, the four neodymium magnets make the 880 a truly powerful work tool.

### HIGH PRECISION LASER

- 1/4" at 100'
- 3 Axis Alignment
- 650nm
- 10,000 Hour Lifespan
- Pro Grade Class IIIa Diode

### QUALITY CONSTRUCTION

- CNC Milled
- Billet 6061-T6 Alloy
- 4 Precision Vials
- Oversized 0° Vial
- Bullseye Top Vial
- 4 Neodymium Magnets
- V-Groove Versatility

PRECISION AND CONVENIENCE

Colors: Blue / Platinum / Red

## PRECISION TORPEDO

# ULTRA MAG G3

90° 45° 30° 0° MODEL: 0300

8.5" length

The Ultra Mag G3 is second to none with a design package that will meet any contractor's needs while making a statement of sheer professional quality.

From the built-in 45-degree angle end to the high readability 4-vial system, the Ultra Mag G3 is perfectly tuned for the ever-changing needs of the real-world worker. Our V-Groove System conforms to almost any pipe up to 10 inches in diameter while four oversized rare earth neodymium magnets supply extraordinary holding power so you get the most stable, accurate reading on any surface.

### ULTIMATE QUALITY

- CNC Milled Billet 6061-T6 Alloy
- Sandblasted Smooth Finish
- 4 Precision Vials With Oversized 0° Vial
- 4-way Viewports for 0°
- Top Viewport for 45° 30° and 0°
- Laser Etched Graphics
- 4 Neodymium Magnets
- V-Groove Versatility

PURE EXCELLENCE

Colors: Blue / Platinum / Red

## PRECISION TORPEDO

### ULTRA MINI G3

90° 45° 30° 0° MODEL: 0303

4.5" length

The Ultra Mini G3 has patented features designed to make the pipe and conduit worker more efficient.

Both the 30° and the 0° vial ports that are viewable from all sides, while a thumb screw secures the Ultra Mini G3 onto the cut end of any pipe or conduit, useful for measuring, creating or correcting bends on the fly. An exclusive groove has been machined to compensate for cutting burrs so you get perfect alignment every time.

Colors: Blue / Platinum / Red

#### QUALITY AND INNOVATION

- Unique Pipe Bending System
  - with burr compensation groove
- Non-damaging Brass Thumb Screw
- CNC Milled Billet 6061-T6 Alloy
- 3 Precision Vials With Oversized 0° Vial
- 3 Neodymium Magnets
- V-Groove Versatility

#### ULTIMATE QUALITY

## STANDARD TORPEDO

### EV 300

90° 45° 0° MODEL: 0315

8.5" length

The EV300 Torpedo Level is a patented design that's unsurpassed in both quality and affordability.

Designed to be the "little brother" of our famous Ultra Mag Level, the EV300's simple, effective design is a staple of contractors and handymen everywhere. The built-in 45° angle at the end gives quick reference and perfect alignment. Three 45 arc/min. acrylic vials give accurate reading at 0°, 45° and 90° angles.

Colors: Blue / Red

#### ULTIMATE QUALITY

- CNC Milled Billet 6061-T6 Alloy
- Sandblasted Smooth Finish
- 4 Precision Vials With Oversized 0° Vial
- 4-way Viewports for 0°
- Top Viewport for 45° 30° and 0°
- Laser Etched Graphics
- 4 Neodymium Magnets
- V-Groove Versatility

QUALITY. AFFORDABILITY. HAVE IT ALL.

## U6 LEVEL

### U6 V-GROOVE

90° 60° 45° 30° 22.5° 0° MODEL: 0610

Super Compact  
2.5" x 2"

The U6 V-Groove's patented design has all the same features found in our original U6 Level – and it can also fit most straight, bent and radiused pipes and conduits to give clear, easy-to-see readings every time.

Sixteen rare earth neodymium magnets supply super holding power on any ferrous pipe, tube or other work piece. Measuring just 2-1/2 x 2 inches, U6 V-Groove Level is a box full of tools that fits in your hand or pocket.

Colors: Blue / Platinum / Red

#### CLASS-LEADING FEATURES

- CNC Milled Billet 6061-T6 Alloy
- Clear and Accurate Oversized 0° Vial
- Innovative 6 Planes of Measurement
- Laser Etched Graphics
- 16 Neodymium Magnets
- V-Groove Versatility
- Carrying Case Included

A PERFECT FIT FOR ANY JOB

## U6 LEVEL

### U6 STANDARD

90° 60° 45° 30° 22.5° 0° MODEL: 0600

Super Compact  
2.5" x 2"

With readings at 0°, 22.5°, 30°, 45°, 60° and 90°, the patented design of the U6 incorporates more degree readings than any level in its class and with our 45 arc/min. reading bubble vial, you get precise and accurate readings every time no matter what the job is.

CNC-machined from solid 6061-T6 aluminum billet and fitted with eight rare-earth neodymium magnets, it can hold to any ferrous metal surface. At a super-compact 2-1/2 x 2 inches, it is sure to be the professional tradesman's "go-to" tool at the jobsite.

Colors: Blue / Red

#### BUILT FOR BUILDERS

- CNC Milled Billet 6061-T6 Alloy
- Clear and Accurate Oversized 0° Vial
- Innovative 6 Planes of Measurement
- Laser Etched Graphics
- 8 Neodymium Magnets
- Carrying Case Included

UTILITY YOU CAN'T DO WITHOUT
